Honored Sir

I beg to state that I have long been desirous of becoming a Govt. Servant. Although my attempts to compass my object prove abortive in past years, yet, sustained by the belief that the poor like myself, without the leverage power & recommendation of the great, have only their education to advance them in life, I pursued a course of self study and passed, this year, the B. A. Degree Examination of the Madras University. But contrary to all my anticipations, I have not yet been fortunate to witness the consummation of my long-cherished hope of getting a footing in any Govt. Office.

Being now given to understand that your honor is generously disposed to make an impartial distribution of the appointments in your gift among the deserving candidates of all classes, I have ventured to crave a similar extension of your patronage, when vacancies occur, to a poor member of the Native Christian Community whose element in the Public Offices of the Province, is so remarkably small.

I beg to add that as regards my character, I will produce a Testimonial from the Revd E. P. Rice, B. A. Principal of the London Mission Central Institution, in which I am at present employed as First Assistant Master, in addition to two other certificates already in my possession, given by the Revd E. Rice and the Revd G. H. Walton.

Believing that your honor will take my case into
favorable consideration

I beg to remain

Honored Sir,

I beg to state that I have failed to obtain the required medical certificate of physical fitness, being shortsighted. But in spite of this natural defect, I have during the past six months been discharging my duties with facility, and on this ground I now venture to submit my unfortunate case for your favorable consideration. I beg to add that under these circumstances I am quite willing to relinquish all claim to pension and gratuity.

This is true and I have been satisfied with the manner in which he has discharged his duties

Honored Sir,

I humbly beg to submit my answers to the subjoined questions:-

I. How does the defective eyesight affect you in your office work?

Ans. My defect does not at all affect the prompt and satisfactory fulfilment of my duties in the office. This is evidenced by the fact that I have not hitherto given occasion for censure which is the necessary consequence of unsatisfactory discharge of one's duties. I can also work by candle light equally well.

II. What is the character of the defect - merely shortsightedness or some disease that will affect your sight seriously?

Ans. My defect is shortsightedness - a natural defect and not any disease.

When I read your letter I feel neither pain nor any other kind of sensation in the eye.

I am desired by the Chief Comr to submit the following for the favorable consideration and orders of the Govt of India.

2. In November last, one Isaac Daniel, who has passed the B.A Degree Examination of the Madras University, was appointed as a clerk in the Forest Branch of this office on Rupees 40 per mensem, subject to his procuring a Medical Certificate of physical fitness as prescribed in Ch. XI Section 32 Cl. 2

of

of the Civil Pension Code.

2. The Surgeon to the Mysore Commission who examined Mr. Isaac David refused to grant him the Certificate owing to defective eyesight which in his opinion depended upon (1) Shortsightedness from defective structure of the cornea and lenses, and (2) weak sight from incipient disease of the nervous structure or failure of nervous power of the eye, rendering him liable to become blind, if exposed to any continued hard work.

3. Notwithstanding the defect above described, Mr. Isaac David has been found to discharge his

duties of the Medical Office, for a decade under the nervous structure of the Eye, under him both to become blind, if subjected to any continued hard work. His condition of his eyes has not as yet been found to interfere in any way with the applicant's ability to discharge his duties and as he is now 30, the Surgeon thinks he may grow out of the defect. But in his opinion, Mr. David ~~is liable~~ is likely to pass all class of Pensions ~~of~~ & Captain considers that the accumulation pending the recommendation to Government is completed on his condition, for pursuing his present Civil Employ.
